

Captain's Orders

Give these orders randomly to the crew as fast as you can. The last person to perform a command is out of the game.

- **Scrub the deck**—Crouch down and make a scrubbing motion with your hands.
- **Hit the deck**—Lie down on your stomach.
- **Clear the deck**—All feet off the floor.
- **Up periscope!**—Lie down with one arm raised straight in the air. Twist the raised arm as if a scanning periscope.
- **Captain's coming**—Stand to attention and salute.
- **To the island**—Run to the left side of the room.
- **Abandon Ship**—Sit down and pretend to row a lifeboat.
